| > 175 cm | High | 59-85 cm | 64-87 cm |

Key Features

Mechanism

Two lever spring adjusted mechanism allows for adjustable height and up to 15° lateral movement.

Seat

Unisex mould with recyclable polymer frame.

Padding

Upholstered with injection moulded polyurethane foam, recyclable when using a certain process.

Upholstery

Our standard vinyl contains 100% polyurethane with cotton and polyester backing. It is PVC and Phthalate free. It is also OEKO-TEX certified, which means that the upholstery is easy to clean, and resistant to disinfectants and common cleaning product.

Gas spring

Columns are available in three sizes. The spring is made of polished steel in Germany using nitrogen, a sustainable gas existing in 78% of normal air. Gas springs are maintenance-free and recyclable.

Base

Polished recyclable aluminium.

Castors

Cores are made from polyamide 6 and tread is made of recyclable polyurethane. (Note: larger castor base is required when using SWING support arm).
